

PBL Cleaning Industries

The COVID-19 pandemic is unprecedented and unlike any crisis we have had to face. PBL Cleaning is committed to providing our clients with expert cleaning to ensure the safety and health of their customers and staff.

PBL Cleaning is implementing the CDC guidelines of how to clean and disinfect. We are dedicated to helping our clients stay open to provide your services to the city that is ready to welcome you back.

We are proud New Yorkers who are excited to have our city re-open safely. We look forward to working with you.

# Guidelines

PBL has implemented the following guidelines for staff:

- Staff temperature check before each cleaning job
- Wear protective face covering
- Wear disposable gloves during cleanings
- Wear protective coveralls during cleanings
- Maintain social distancing in facilities
- If a staff member shows any signs of illness, they are required to remain home until a test can confirm negative for COVID-19

# Checklist

Always wear disposable gloves and properly ventilate the space when using the products listed

## Hard (non-porous) Surfaces

Wipe surfaces with detergent/soap and water

Once all surfaces are clean from dirt and grime, disinfect them using one of the following products:

Sodium hypochlorite (*i.e. Clorox multi surface cleaner with bleach, Lysol bleach mold & mildew cleaner*)

Quaternary ammonium (*i.e. Lysol disinfectant sprays and wipes, Lysol heavy duty cleaners, Clorox wipes*)

Hydrochloric acid (*i.e. Lysol toilet cleaner*)

Let surfaces air dry to optimise disinfectant

Spray hard surfaces with disinfecting fogger where applicable

## Soft (porous) Surfaces

Remove any visible contamination and clean with appropriate cleaners

Launder items where possible following manufacturer's instructions

## General

Wash hands frequently with soap and water for a minimum of 20 seconds

Discard gloves after each cleaning

Where washing hands isn't available, alcohol-based sanitizer that contains at least 60% alcohol can be used

Routine cleaning of frequently touched surfaces including the following:

Tables & Countertops

Desks/Phones/Keyboards

Toilets/Faucets/Sink

Light switches

Doorknobs & Handles
